Foreign Policy Letter Assignment: 30 points

What? Your final assignment is to complete a letter (approximately 1-2 typewritten pages in length) to your representative in Congress or one of your US senators. This assignment involves two steps:

1. Base your letter on your research paper topic. Compose a letter taking and arguing a position on a current or possible future foreign policy----i.e. “I think the policy toward …………..should be…………….because,” or, “my concern about our policy toward………..is………… what I think is the most appropriate policy is.” Lay out your position rationally and deliberately----one point at a time with reasons.

2. This is a business letter. Address the letter as such. Find the address of your representative or one of your senators, prepare and sign your letter. Make a copy for me and mail the original.

When?
Letters are due in my office (T-212) no later than 5pm, Wednesday, June 11.
