MULTIPLE-CHOICE QUESTIONS

Write 3 multiple-choice questions for each of the following chapters:

- Chapter 14: Developing Self-Confidence
- Chapter 15: Managing Finances
- Chapter 16: Finding Happiness

Your questions should consist of the question or statement, plus at least 4 options – the correct one plus 3 false ones.

Remember: Good multiple-choice questions are stated clearly and are not too easy. People who have not been exposed to the material should not be able to answer them.
